

NXT-5101

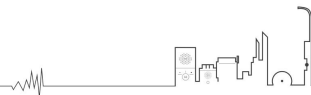

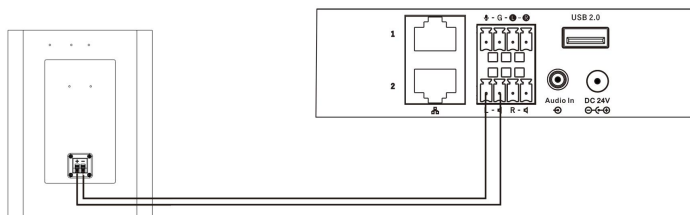

15Watt 4Ohm Wall Mount Speaker

MAIN FUNCTIONS

SPON NXT-5101 15Watt 4Ohm Wall Mount Speaker with hexagonal geometric aesthetics design, matching home audio. It has 4.7-inch full-range speaker unit for a professional audio experience.

CONNECTION DIAGRAM

SPECIFICATION

Power Parameters

Rated Power Output:15W

Rated Resistance:4Ohm

Audio Parameters

Frequency Response:106Hz-20KHz

Sensitivity:91±3dB

Max.SPL:105dB±3dB

Mechanical&Environment Properties

Mounting Method:Wall-mounted

Installation Environment:Dry Indoor Locations

Operating Temperature:0℃~+45℃

Operating Humidity: < 95%

Body Material: Medium Density Fiberboard

Color:Black

Mask Material:Knit fabric

Product Dimensions:245X320X140mm

Product Weight:3.2Kg

Product Warranty:2 Years

Accessories

1×Adjustable wall mounting bracket

4×Semi-circular head cross self-tapping screws (ST4X30)

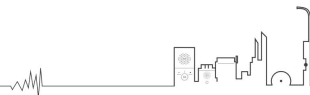

1×Anti-fall safety steel wire rope (Ø1.5X300mm)

1×Plastic expansion sleeve (Ø6X28)

1×Semi-circular head cross wood tapping screws (ST4X20)

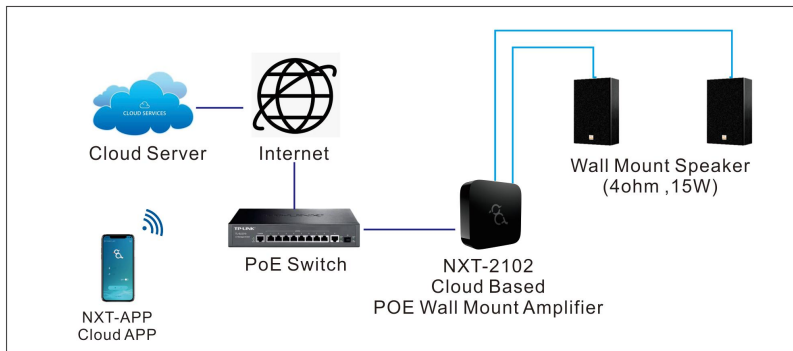

1×Quick installation guide

1×Certificate of compliance and warranty card
